

EVERY™ ADVANTAGE.

PREMIUM BLUE

**Extended Oil Drain Intervals With
PREMIUM BLUE® Engine Oils**

PREMIUM BLUE.

Extended Drain. Your Gain.

Today's fleets always look for ways to lower costs. And with Valvoline's Premium Blue® and Premium Blue® Extreme engine oils, you can gain savings through the only extended drain oils endorsed by Cummins for ISX and ISM engines.

Cummins and Valvoline are committed to providing every customer with the most reliable and durable engines, along with the lowest total operating costs. Premium Blue and Premium Blue Extreme are advanced high-quality engine oils that provide a better customer value in modern engines that are engineered to meet the latest emissions standards.

The extension of the ISX and ISM engine oil drain intervals further solidifies Cummins and Valvoline as leaders in providing customers with the lowest life cycle costs. Everytime.

Reliability You Can Count On.

Valvoline's Premium Blue has been extensively field-tested and proven in Cummins cooled Exhaust Gas Recirculation (EGR) engines in the lab and on the road through a long-standing partnership between the two companies. Cummins and Valvoline customers can be confident that their engines will perform reliably with these longer oil drain intervals. Premium Blue and Premium Blue Extreme exceed the requirements for the API CI-4 performance classification, as well as Cummins CES 20078 engine oil standards, intended to address strict new diesel emissions requirements.

Valvoline and Premium Blue are registered trademarks of Ashland Inc.

Proven Chemistry.

Premium Blue and Premium Blue Extreme's unique dispersive polymer technology (DPT) provides both advanced soot-fighting capabilities and cold-start protection. The extended drain capability in Premium Blue and Premium Blue Extreme is a result of innovative Valvoline chemistry proven by thousands of hours of engine testing and millions of miles of field-testing.

Every Question, Answered.

Premium Blue and Premium Blue Extreme carry an important endorsement by Cummins Inc. For more information about what you have to gain, contact your approved Cummins Distributor or Dealer. Or contact your Valvoline representative or visit Valvoline's website at www.valvolineeurope.com.

You can always tell the fleets who uses Valvoline®
